## Statement

How can complex issues become tangible and negotiable on different levels? How can we provide new perspectives regarding the intricate and mostly inconclusive challenges of our time? Which conclusions can be drawn from a fresh perspective?

At it's core, my work consists of creating experience to develop new sources of reflection having the potential to remind us of our existence as human beings. Experimental set-ups that challenge ourselves. Allowing short insights into our mechanism. Our *conditio humana*.

Gesellschaftslabor

*Society Lab*

Vienna / Ongoing project

## SOCIETY LAB

Workshop-format

Duration: Ongoing project / a couple of hours per workshop-unit

Objects: The city and their people

## DESCRIPTION

2014 I founded the workshop-format **Gesellschaftslabor**, a creative think tank and experimental playground, which invites people to carry out unusual perspectives regarding social and political topics.

**Gesellschaftslabor** offers a unique city walk for people, that are interested in experiencing everyday situations, routines and random encounters in a different way. Social Sculptures und excercises, spontaneous public interventions - nothing is planned, everything is purely popping out of situations.

Which forces shape you? Is society a relevant variable?  
 What kind of an impact has our social environment on our  
 thinking and behaviour?

Which options of action are available, as soon as we begin to cross alleged  
 borders?

# HOW TO LIVE TOGETHER

## HOW TO LIVE TOGETHER

Intervention

Duration variable

Objects: Adhesive letters

### *DESCRIPTION*

I stick adhesive letters on well visible objects in a museum's exhibition hall saying 'Please place your mobile phone here while looking at the artworks in this exhibition hall'.

“Place your mobile phone here while looking at the artworks in this exhibition hall.”

By leaving a valuable object unattended but always in the range of vision the project invites visitors to explore their very own relation to the human surrounding.

# THE RISE OF [FILL IN THE NAME OF POPULIST HERE]

Vienna, Amsterdam / 2017

## THE RISE OF [FILL IN THE NAME OF POPULIST HERE]

Public Intervention

Duration variable

Objects: Speaker, modified volume control

### *DESCRIPTION*

The speaker is located at a well frequented public space. Via the speaker a speech of a known populist can be heard. A volume control with modified buttons are attached to the speaker. Every button increases the volume of the speech.

The inauguration speech of Donald Trump from January 20, 2017 can be heard.

Regardless which button the pedestrians press, they only increase the volume of the speaker. Louder/quieter, on/off ... whether you argue for or against Trump, support or ignore him: He is getting incredibly noisy.

The more attention it requires to shut him off, the more attention he gets from all the others. A loud, interactive interaction. With the result, that a populist, just like in the course of an election campaign, gains power through all of us.

And the question arises: How do we deal with it now?

HALTEN WIR MICH AUS -  
eine Annäherung.

*LET'S ENDURE ME -  
a rapprochement.*

Vienna, Berlin, Athens / 2016

## LETS ENDURE ME - A RAPPROCHEMENT

Intervention  
Duration variable  
Objects: Adhesive tape

### *DESCRIPTION*

I stick an adhesive tape in form of a rectangle on a well frequented street. I invite people to step with me into the rectangle. In doing so I tell them every thought that comes through my mind. At the beginning it is agreed that both persons may end the interaction with a simple step out of the rectangle.

8.11.2016 / Mariahilfer Straße / Vienna

## Look out for colorful squares.

Let's endure me – a rapprochement arose from the question, whether we could endure me or not. Whether I'm reasonable. Completely unfiltered. What happens – to us – when I switch off the membrane between my thoughts and the environment? When I stop asking myself, if I'm allowed to speak my thoughts out loud. My thoughts that appear within milliseconds.

'Feeling lonely' 02.06.17 / Schottenring / Vienna

## SENSING ART TERM(S)

Public Intervention  
Duration variable  
Objects: Body, pencil, paper

## DESCRIPTION

Standing in public with a sign reading 'Feeling lonely'. Over the course of five different stations, the scenario repeats itself. With every station, I'm coming closer and closer to an art institution (e.g. museum, gallery).

11.06.2017 / documenta Halle / Kassel

A person showing its loneliness?

Or an art project?

The more this situation approaches the art world,

the more the concept of art seems to influence the decision of the recipient on how to act. The concept begins to interfere. It becomes relevant. The art institution seems to collect it's environment and defines it as it's peers.

## MIRROR, MIRROR

Interactive art  
Duration variable  
Objects: Polaroid camera,  
pinboard, edding marker

### *DESCRIPTION*

I take polaroid pictures of people during a public event. I write on the polaroid, what impact their individual appearances have on my self-definition. The people will find their photographs with these handwritten notes on a pinboard located at the event.

2016 / Performance Festival Krieau / Vienna

How I became the person I am?  
Who determines what I am?

Am I a result of constant comparison with others? Do other people shape my insides, my contours? What if they had never existed in the first place?

KOMM, LASSEN WIR UNS VON

## COME ON, LET'S GET CRUSHED BY THE WORLD.

Interactive art  
Duration variable  
Objects: A room, two roomdividers,  
seven volunteers

### *DESCRIPTION*

The roomdividers are installed in the corner of the room, so that you can't see behind. A visitor of the Art Event, who agrees to participate, will be guided to the corner of the room behind the roomdividers, the face towards the wall. Now the seven volunteers will gently lean against the visitor one by one. At the beginning it is agreed, that the visitor can end the interaction by saying stop.

Video:

**COME ON, LET'S GET  
CRUSHED BY THE WORLD**

Capitulation regarding the complex world events?  
Do I surrender or am I trying to change something?  
How does my body answer these questions?

Relaxation by surrendering to the world? Cosy powerlessness? Powerlessness which turns into a feeling of restriction and dissatisfaction?

PARALLELWELTEN

*PARALLEL WORLDS*

Vienna / 2016

## PARALLEL WORLDS

Intervention

Duration variable

Objects: Adhesive foil

### *DESCRIPTION*

I slightly modify the traffic sign  
'No entry for vehicular traffic'  
by means of adhesive foil.

2016 / Parallel worlds / Vienna

The absolutely self-evident, which never catches our eye in everyday life, becomes immediately visible by means of minimal change.

Do we live only in one world? Couldn't it be the case, that the one world, which is the starting point for all our actions and seems so compellingly unique to us, might become a completely different one within seconds?

What if we choose to perceive what we do not perceive? The boundaries between the worlds seem incredibly close and permeable.

POPULISMUS BEIM

*TAKING POPULISM AT  
ITS WORD*

Vienna / Floridsdorf, Viktor-Adler-Markt / 2016

## TAKING POPULISM AT ITS WORD

Intervention

Duration variable

Objects: A stand with a poster

### DESCRIPTION

A stand with a poster of myself is set up at a well-frequented street. The design and the slogan of the poster are inspired by the political campaign of the Austrian right-wing party FPÖ. I approach pedestrians in order to get into a conversation. During the conversation I start to do exactly what the slogan of the FPÖ promotes: 'BE HONEST!' So I speak out every thought that runs through my head.

The intervention took place in the Viennese districts with the highest voting results of the FPÖ.

'I am honest! I say what I think.' 28.11.2017 / Facebook

2016 / Floridsdorf / Vienna

2016 / Favoriten / Vienna

## How do you encounter populism? What happens if you do exactly what populists promise?

Populists are on the up. They promise simple solutions for complex problems.

'Be honest. Tell the truth.'

Norbert Hofer / FPÖ.

'Pronounce, what Vienna thinks.'

H.C. Strache / FPÖ.

'Courage to tell the truth.'

Key slogan of the AfD alternative for Germany.

How can you deal with this? What if you do exactly what populists promise? Telling the truth. Expressing every thought. Without filtering.

Where does that lead to? What impact does it have? Would it unmask populism?

*CUBE*

Vienna / Wienerwald / 2016

## CUBE

Installation

Duration variable

Objects: A cube (1,5m x 1,2m)  
made of canvas on stretcher  
frame, lots of bank statements

## DESCRIPTION

I set up a cube completely  
covered with bank statements  
in the middle of a forest.

A forest. Wild nature with its unruly forms.  
A cube. Full of bank statements.

The contemporaneity of extreme contrasts represent a source of self-awareness as the relationship between man and urban/natural surrounding becomes suddenly visible and tangible.

**Peter Reischl** Born in Munich (Germany) on the 10th December 1982. Austrian citizen.

A moment of irritation, a sudden disruption of the well-known – with his projects Peter Reischl employs performative elements to challenge the ordinary. Provoking a reaction is a crucial part of Reischl's work, which addresses political and social topics by translating them into performative questions. His work is about creating a space of ambiguity, that doesn't lead to an answer or predefine a certain direction. That is what makes his art a provocative one: Like an experimental set-up, he merely arranges the basic parameters in order to trigger any re-actions of his counterpart. The spectator becomes the one in control. Reischl's art projects provoke unfiltered reactions that aren't necessarily required in the course of everyday life. In a way, it's all about a re-activation of thinking, a re-discovery of one's agency and free will.
